

DRY-BACK · GLUE-DOWN LUXURY VINYL

LVT Flooring

Sleek Flooring dry-back LVT is a fully bonded luxury vinyl floor covering across wood, herringbone and stone & marble designs, finished with a 0.55 mm wear layer for lasting everyday performance. It is bonded flat to the subfloor with a full-spread adhesive for a low-profile, seamless finish against skirtings and thresholds.

01 PRODUCT CONSTRUCTION & DATA

FORMAT	DIMENSIONS	TOTAL THICKNESS	WEAR LAYER	PACK COVERAGE
Standard Plank	187 × 1227 mm	2.5 mm	0.55 mm	4.13 m ² / carton
Herringbone	100 × 600 mm	2.5 mm	0.55 mm	1.56 m ² / carton
Stone & Marble Tile	305 × 610 mm	2.5 mm	0.55 mm	4.09 m ² / carton

Installation system: glue-down — full-spread adhesive to a sound, smooth, dry, clean and suitably prepared subfloor. **Construction:** printed décor film over a dry-back vinyl core, finished with a 0.55 mm wear layer.

02 SUITABLE FOR

Residential · Retail · Hospitality · Offices · Educational · Commercial

03 TECHNICAL PERFORMANCE

CHARACTERISTIC	STANDARD	RESULT
Wear-layer classification	EN ISO 10874	Commercial 33
Dimensions & squareness	EN ISO 24342	Pass
Reaction to fire	EN 13501-1	Bfl-s1 (glued over A2fl substrate)
Slip resistance	DIN 51130 / EN 13893	R9 · Class DS
CE marking	EN 14041	Compliant
Quality management	ISO 9001	Manufactured under an ISO 9001 quality system

Residual indentation, furniture-leg, castor-chair, thermal/curl and chemical-resistance results are not reproduced pending confirmation against the source test certificates — see the accompanying production report.
