

SLEEK FLOORING

LVT & SPC LUXURY VINYL FLOORING

THE 2026 COLLECTION

Led by design. Made for homes.

Sleek Flooring is a considered collection of luxury vinyl — twenty-three floors in wood, herringbone, stone and marble.

The collection spans dry-back LVT and rigid-core SPC, with wood, herringbone, stone and marble designs across the range.

HARD-WEARING

A 0.55 mm wear layer on every floor.

WARM UNDERFOOT

Not cold like stone, not hollow like laminate.

WARRANTY

25-Year Residential Warranty
20-Year Commercial Warranty

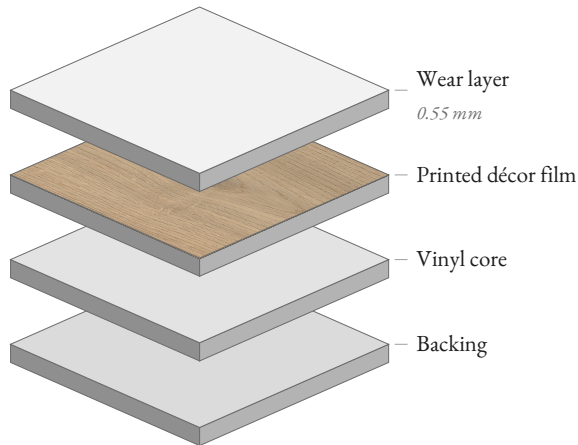

LVT or SPC?

Both are luxury vinyl. The difference is how they are built — and how they go down.

Underfloor heating

Suitable

Bonded flat to the subfloor for the lowest, most seamless finish against skirtings and thresholds. It is also the format for herringbone, where a bonded fit holds the pattern true.

A rigid board with an integral IXPE backing, locking together without adhesive for a clean, efficient installation.

CHOOSE LVT WHEN...

You want the lowest-profile floor finish.

You prefer a fully bonded installation.

You're choosing a herringbone design.

You have a sound, level subfloor ready for glue-down installation.

CHOOSE SPC WHEN...

You want a rigid click-together floor.

You prefer an adhesive-free installation.

You're looking for a straightforward renovation solution.

You want an integral IXPE-backed floor.

Every floor requires a clean, dry and suitably prepared subfloor.

THE SLEEK COLLECTION

Wood

LVT Plank

Pale Greige

A pale, soft-grained oak that lifts a room.

Urban Charcoal

Deep charcoal timber with a cool, graphic grain.

White Oak

Light and understated with a clean oak character.

MORE WOOD DESIGNS

Harbour Oak

English Oak

Narvik Grey

Fairfield Oak

Honey Oak

Espresso

Bracken Ash

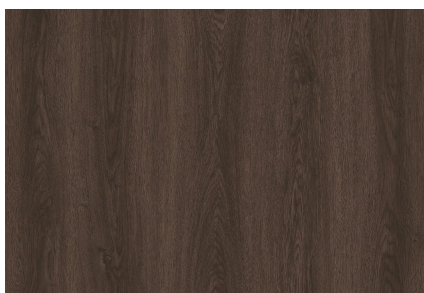

SPC Plank

Rigid Core • UNILIN Click

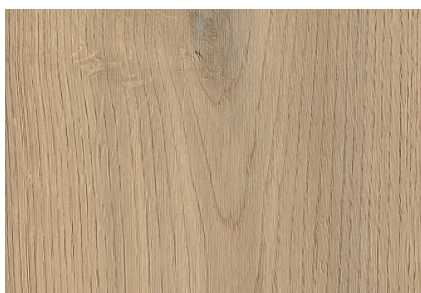

English Oak

Warm golden oak with an open grain.

Coffee Walnut

Rich walnut with a deep, even grain.

Harbour Oak

Soft natural oak on a rigid core.

Pale Greige

Pale washed oak with a soft grey cast.

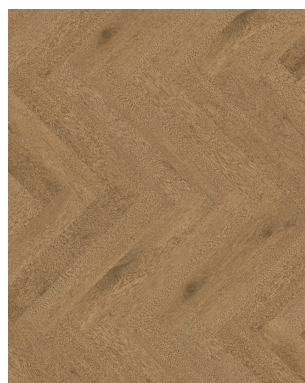

Herringbone

LVT Herringbone

Harbour Oak

Natural oak, set in a classic parquet.

English Oak

Golden oak with a warm parquet rhythm.

Urban Charcoal

Cool grey timber for a graphic herringbone.

Stone & Marble

LVT & SPC Tile

Milano Marble

SPC TILE

Bright marble with soft grey veining.

Travertino

LVT TILE

Soft travertine with a gentle, even tone.

Sandstone

SPC TILE

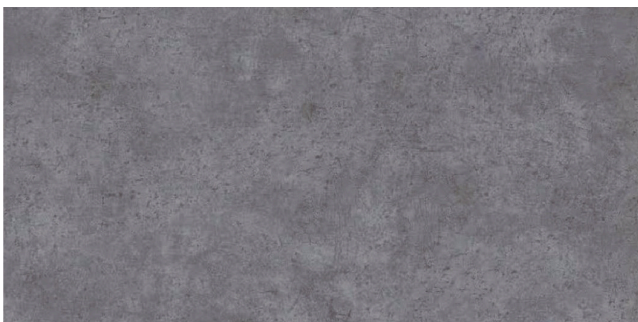

Natural stone with a muted, earthy cast.

Silver Moon

SPC TILE

Cool pale grey with a smooth mineral surface.

Grey Slate

SPC TILE

Mid-grey slate with a quiet, dense texture.

Verona Stone

LVT TILE

Deep brown stone with a warm, dark tone.

MADE FOR THE ROOMS THAT WORK HARDEST.

Stone and marble looks bring a clean, architectural finish to kitchens, bathrooms and open-plan living spaces — with the practicality of luxury vinyl and rigid-core flooring.
